

Texas A & M University
The Soltis Center for Research and Education in Costa Rica

Research and Collecting Permit Application Form through the Soltis Center

I will comply with the following requirements and wish to be considered a researcher associated with The Soltis Center for Research and Education of Texas A&M University in Costa Rica, following the University and Costa Rican rules on research, collecting, and export permits (choose all the descriptions that best fit your situation):

My project has been screened and approved by the Office of Research Compliance and Biosafety of Texas A&M University or US home institution.

I am a faculty member or registered student at Texas A&M University.

My project has been approved for work at other field research station in Costa Rica.

I am collaborating with faculty members of a Costa Rican research institution who endorses this request (attach letter.)

I have obtained a special approval from the Center Director or its professional staff (attach note.)

Full Name	
Institution	
Address	
Phone number	
Fax Number	
Email address	
Date	
Signature	

The researcher (s) requests for The Center assist in processing research/collecting and exporting permits. I have read the information on permits and agree to comply with all requirements including deposit of duplicate specimens (when required), filling progress reports, and sending copies of publications related to this field work. I will be personally liable under Costa Rican laws for any misrepresentations or illegal collecting or exporting

Please print, fill out, sign and return email to <egonzalez.soltis.center@tamu.edu>. Hard copies can be sent to the Center P.O. Box 80-4417 La Fortuna, San Carlos, Costa Rica.
